**Celebrating our Second Decade – 24 Hours, Servicing 12 States, 12 Languages, 2 Countries & London!**

Before signing up with our video services, please be mindful that:

- 1) The raw footage is NOT available...why? It's possible to have over 7 hours of footage from just your affair alone.
- 2) Your final video will be edited down to approximately 2 hours. (view immediately, original footage will be destroyed).
- 3) While we try our best at the meetings to ensure your expectations are met, it is eventually up to our videographers: *to use their discretion (outside of what is listed below) as to what is and is not included.*
- 4) The demo video you were shown is the quality you will receive.
- 5) We will make every reasonable attempt to include the highlights, but the entertainers change their shows frequently to keep fresh, if there is something you absolutely must have, it must be stated **immediately** after the event.
- 6) The option to sit with the video editor is available, at the rate of \$200 per hour (*not necessary, but available*).
